- ➤ LinkedIn Group
- ➤ Facebook Page – "ISSA-Baltimore Chapter"
- ➤ Future Meeting schedule

2015 Election of Officers

Nominating Committee:

Renee Esposito
Jason Bergener

Thank you !!

2015 Election of Officers

The officers of the Chapter must be General Members in good standing as of the date of their election and remain general members in good standing for their term of office. The two year term of office shall begin on1 January following their election and end on 31 December at the end of the second year. These officers shall be: President, Vice President of Operations, Secretary, Vice President of Membership, Vice President of Professional Development, Vice President of Education, Vice President of Outreach and Treasurer. These officers shall constitute the Board of Directors. The President shall act as Chairperson thereof.

The Board of Directors shall be elected by popular vote; each General Member in good standing to be entitled to one vote. Except that the president shall not vote during the election. The President shall attend the counting of the vote and, in the case of a tie, the President shall cast the deciding vote to break the tie. This rule shall apply in case of all votes except for voting for the President; in this case, the VP of Operations shall not vote for the president except in the case of a tie and will then cast the deciding vote.

The Elections Committee shall consist of the Elections Committee Chairperson and one or more assistants, selected by the Board of Directors at the September meeting of each year. Members in good standing who are not running for office are eligible for and may volunteer for this function. A call for nominations will take place at the September meeting.

The term of office for all officers shall consist of two year terms commencing on January 1 following election. The President, VP Education, VP Outreach, and VP Membership will be elected in even numbered years. The VP Operations, Treasurer, Secretary, and VP Professional Development will be elected in odd numbered years

2015 Election of Officers

President – Bill Smith
The President shall be the executive head of the Chapter and shall preside at all meetings of the Chapter. The President shall have the power to call special meetings if deemed necessary for the benefit of the Chapter and shall have the deciding vote in case of tied decisions.

VP Education – Rod Zwainz
The Vice President of Education shall lead the efforts to address chapter training and certification needs within the realm of information security.

VP Outreach – Dennis Dworkowsky
The Vice President of Outreach shall be responsible to interface with the business community to recruit and maintain sponsors for the chapter. The VP of Outreach shall work with the Treasurer in the collection of sponsorship funds and tracking sponsorship accounts receivable. The VP of Outreach shall also work with the VP of Professional Development to identify and obtain speakers for the monthly meeting and Baltimore Chapter special events

VP Membership – Stephan Chan
The Vice President of Membership shall maintain sufficient membership address lists as to ensure that all members in good standing are notified of meetings, and that all other correspondence necessary to the conduct of the Chapter is received by the members. The VP Membership shall welcome new and renewing members to the chapter and send reminders to members due for renewal and whose membership has recently lapsed.

January 28, 2015	Kathy Worgul	Carroll County Business & Employment Resource Center	Using LinkedIn to Advance Your Career
February 25, 2015			

November 19, 2014 Speaker
Katrice N. Lewis

Ms. Lewis has over 15 years of professional experience in Information Assurance (IA). Upon receipt of a Bachelor of Science degree from Loyola College, Ms. Lewis began her career as an Engineer and Scientist with Lockheed Martin Naval Electronics and Surveillance Systems-Undersea Systems (NE&SS-Undersea Systems) located in Manassas, Virginia. In this position, she worked with both classified and unclassified information systems on contracts with various U.S. government departments and agencies to include the Department of Defense. While serving in this capacity, she performed various functions in support of departmental and agency missions to include engineering, simulation modeling, and programming.

Ms. Lewis is designated a Certified Information Systems Security Professional, Information Systems Security Architecture Professional (CISSP-ISSAP), Certification and Accreditation Professional (CAP), and Project Management Professional (PMP). She currently holds a Master of Science degree in Information from the University of Michigan-Ann Arbor, Bachelor of Science degree in Applied Mathematics from Loyola College, and a Certificate in Information Assurance from the University of Maryland University College. She is also currently pursuing the Government Information Leader (GIL) Master of Science degree with a concentration in Cybersecurity at the National Defense University.

November 19, 2014 Topic

Re-Writing History: Finding Balance in the Need to Control or Release a Vital Weapon

Recent events such as the Snowden disclosures and FBI opposition to additional privacy-enhancing capabilities in mobile technologies have caused concerns to resurface regarding the role of government in the use, misuse, and/or control of cryptography. Beginning with a brief exploration of the history of cryptography and past efforts that shaped this debate, this lecture will focus on the ways modern uses and applications either support or undermine national defense, privacy and ultimately freedom.

October 15, 2014 Speaker
Glenn Townson

Over 39 years of experience engineering and evaluating the security strengths and weaknesses of systems, telecommunications, computers, software, hardware, and networks; ensuring the appropriate confidentiality, integrity, availability, authentication, and non-repudiation mechanisms, processes, and procedures are fully implemented. Full lifecycle development, support, and maintenance of CNA, CND, CNE, and CNO.

October 15, 2014 Topic

So you want to be an Information Security Professional?

This is interactive session within the participants identifying a path to map out your career attaining goals aligned to you.

What opportunities are available?

      We will go over the type of positions aligned to the specific work involved.

How do you get promoted?

      Tips and techniques for mastering your current work effort.

How do you find your dream job?

      Technique to help you identify what motivates you.

      A process to enable you to receive the position you want.

      What is your comfort zone, do you need to expand and challenge?

How do stay relevant in your career?

      How to be involved and some the resources to keep you in the know.

      How to tackle changes, embrace instead of resist.
