Agenda / Announcements

- Welcome to Parsons
- Any guests or new members in attendance?
- $(ISC)^2$ CPE Submissions – Individual Responsibility
- CISSP Chapter Badges / Shirts and Jackets with ISSA-Central MD Logo
- CISSP & Study Group
- Future Meeting schedule

Please respect the speakers and other members,

Silence or turn off cell phones and electronic devices,

No video or audio recordings.

Thanks

Board of Directors

- Bill Smith, Jr., CISSP, GSNA, CEH, GPEN, GCFA, GCFE - President
- Sidney Spunt, CISSP - VP Operations
- Zac Lechner, CISSP, CEH, MBA – Secretary
- Carol Klessig, CISSP - VP Professional Development
- Chuck Dickert, CISSP, CISA, CISM, CAPM – VP Education
- Jack Holleran, CISSP, CAP, (ISC)2 Fellow– Treasurer
- Steve Chan, CISSP, PMP – VP Membership
- Rob Reintges,CISSP - VP Outreach

ISSA MID-ATLANTIC INFORMATION SECURITY CONFERENCE

Intro Level Capture The Flag (CTF)

If you are interested in various hacking programs but are still fairly new, then this is the session for you! This session will be a pressure-free environment where everyone can come together to learn and network with like-minded professionals. This session will be held in conjunction with the ISSA Mid Atlantic Conference. This special addition to the ISSA Mid Atlantic Conference will be led by Marcelle Lee of LookingGlass Cyber Solutions and Tyrone E. Wilson of Cover6 Solutions. **Please note this session is limited to 40 participants and is free to conference attendees.** To sign up for the CTF, select the check box during the ISSA registration.

Scenario: A small company called Initech has three legitimate corporate users on the Ubuntu box. The company website has clues about possible employee credentials. There is also an important file the attacker will want to steal. The Kali box is your attacker box. The Ubuntu box is your victim box.

May 23, 2018 Speaker

Greg Cullison is COO at Big Sky Associates, Inc.

Greg Cullison is COO at Big Sky Associates, Inc., a security consultancy in Washington DC. In this capacity he stood up a new market-facing vertical and has helped numerous organizations initiate or improve their insider threat programs. He is a certified Insider Threat Program Manager by Carnegie Mellon University and is a member of the Insider Threat subcommittee at the Intelligence and National Security Alliance (INSA). He is a frequent speaker on the topic and created an online course to teach companies in the Defense Industrial Base to comply with the National Industrial Security Policy Operating Manual (NISPOM) Change 2 requirements for insider threat programs.

April 25, 2018 Speaker

Ken McCreedy, MD Department of Commerce

Colonel (Ret.) Kenneth O. McCreedy, Senior Director of Cybersecurity and Aerospace in the Maryland Department of Commerce, is a 1980 Distinguished Military Graduate of the University of California, Berkeley. Commissioned as a military intelligence officer, he served overseas in Panama, Germany, Kuwait, and Bosnia. He commanded a scout platoon, a counterintelligence/ interrogation company, a signals intelligence battalion, and finally, he took command of Fort George G. Meade, Maryland in June, 2005 and served in that capacity until July 2008. Since his retirement in 2008, McCreedy has worked as a defense contractor and led a non-profit organization that provides therapeutic horseback riding to people with disabilities..

In his current position, Col. McCreedy is charged with growing and retaining cybersecurity and aerospace companies in Maryland and attracting new business to the state. He is also working to educate people about the cyber threat and encouraging them to take steps to protect themselves and their businesses..

Maryland's Cybersecurity Workforce – Meeting the Challenge of Government and Industry

In the cybersecurity industry, the most significant barrier to growth is a critical mass of expert, experienced, and talented cybersecurity professionals at all skill levels. Maryland, perhaps uniquely among all states, has that critical mass of talent and we are investing significantly to further broaden the pool of qualified workers for the government and cybersecurity companies to draw upon. In my presentation to the ISSA Central Maryland group, I will discuss the current state of the workforce and initiatives underway to grow it to meet the demand.
