ACTIVE SHOOTER PREPAREDNESS

ACTIVE SHOOTER PREPAREDNESS - THE REALITIES

UNREAL EXPECTATIONS FOR CIVILLIANS AND WORKERS

WHY?

Basic Police Officer Training is a minimum of 6 continuous months

SWAT Teams train in Advance Tactics to Include Hostage rescue Daily/Weekly

Military Special Operations train for specialized combat for 9 months - 2 years
Before taking on their first real mission which could be confronting an Active Shooter

*YET, We expect untrained civilians and or 4-17-year-olds to fight a madman, hell bent on killing unarmed innocents when they are backed into a corner, as their FIRST LESSON in survival training. What since does this make? - **The statics speak for themselves***

PROBLEMS WITH CURRENT ACTIVE SHOOTER STRATEGIES

**RUN - FIGHT - HIDE
IS NOT A STRATEGY ITS AN INSTINCT**

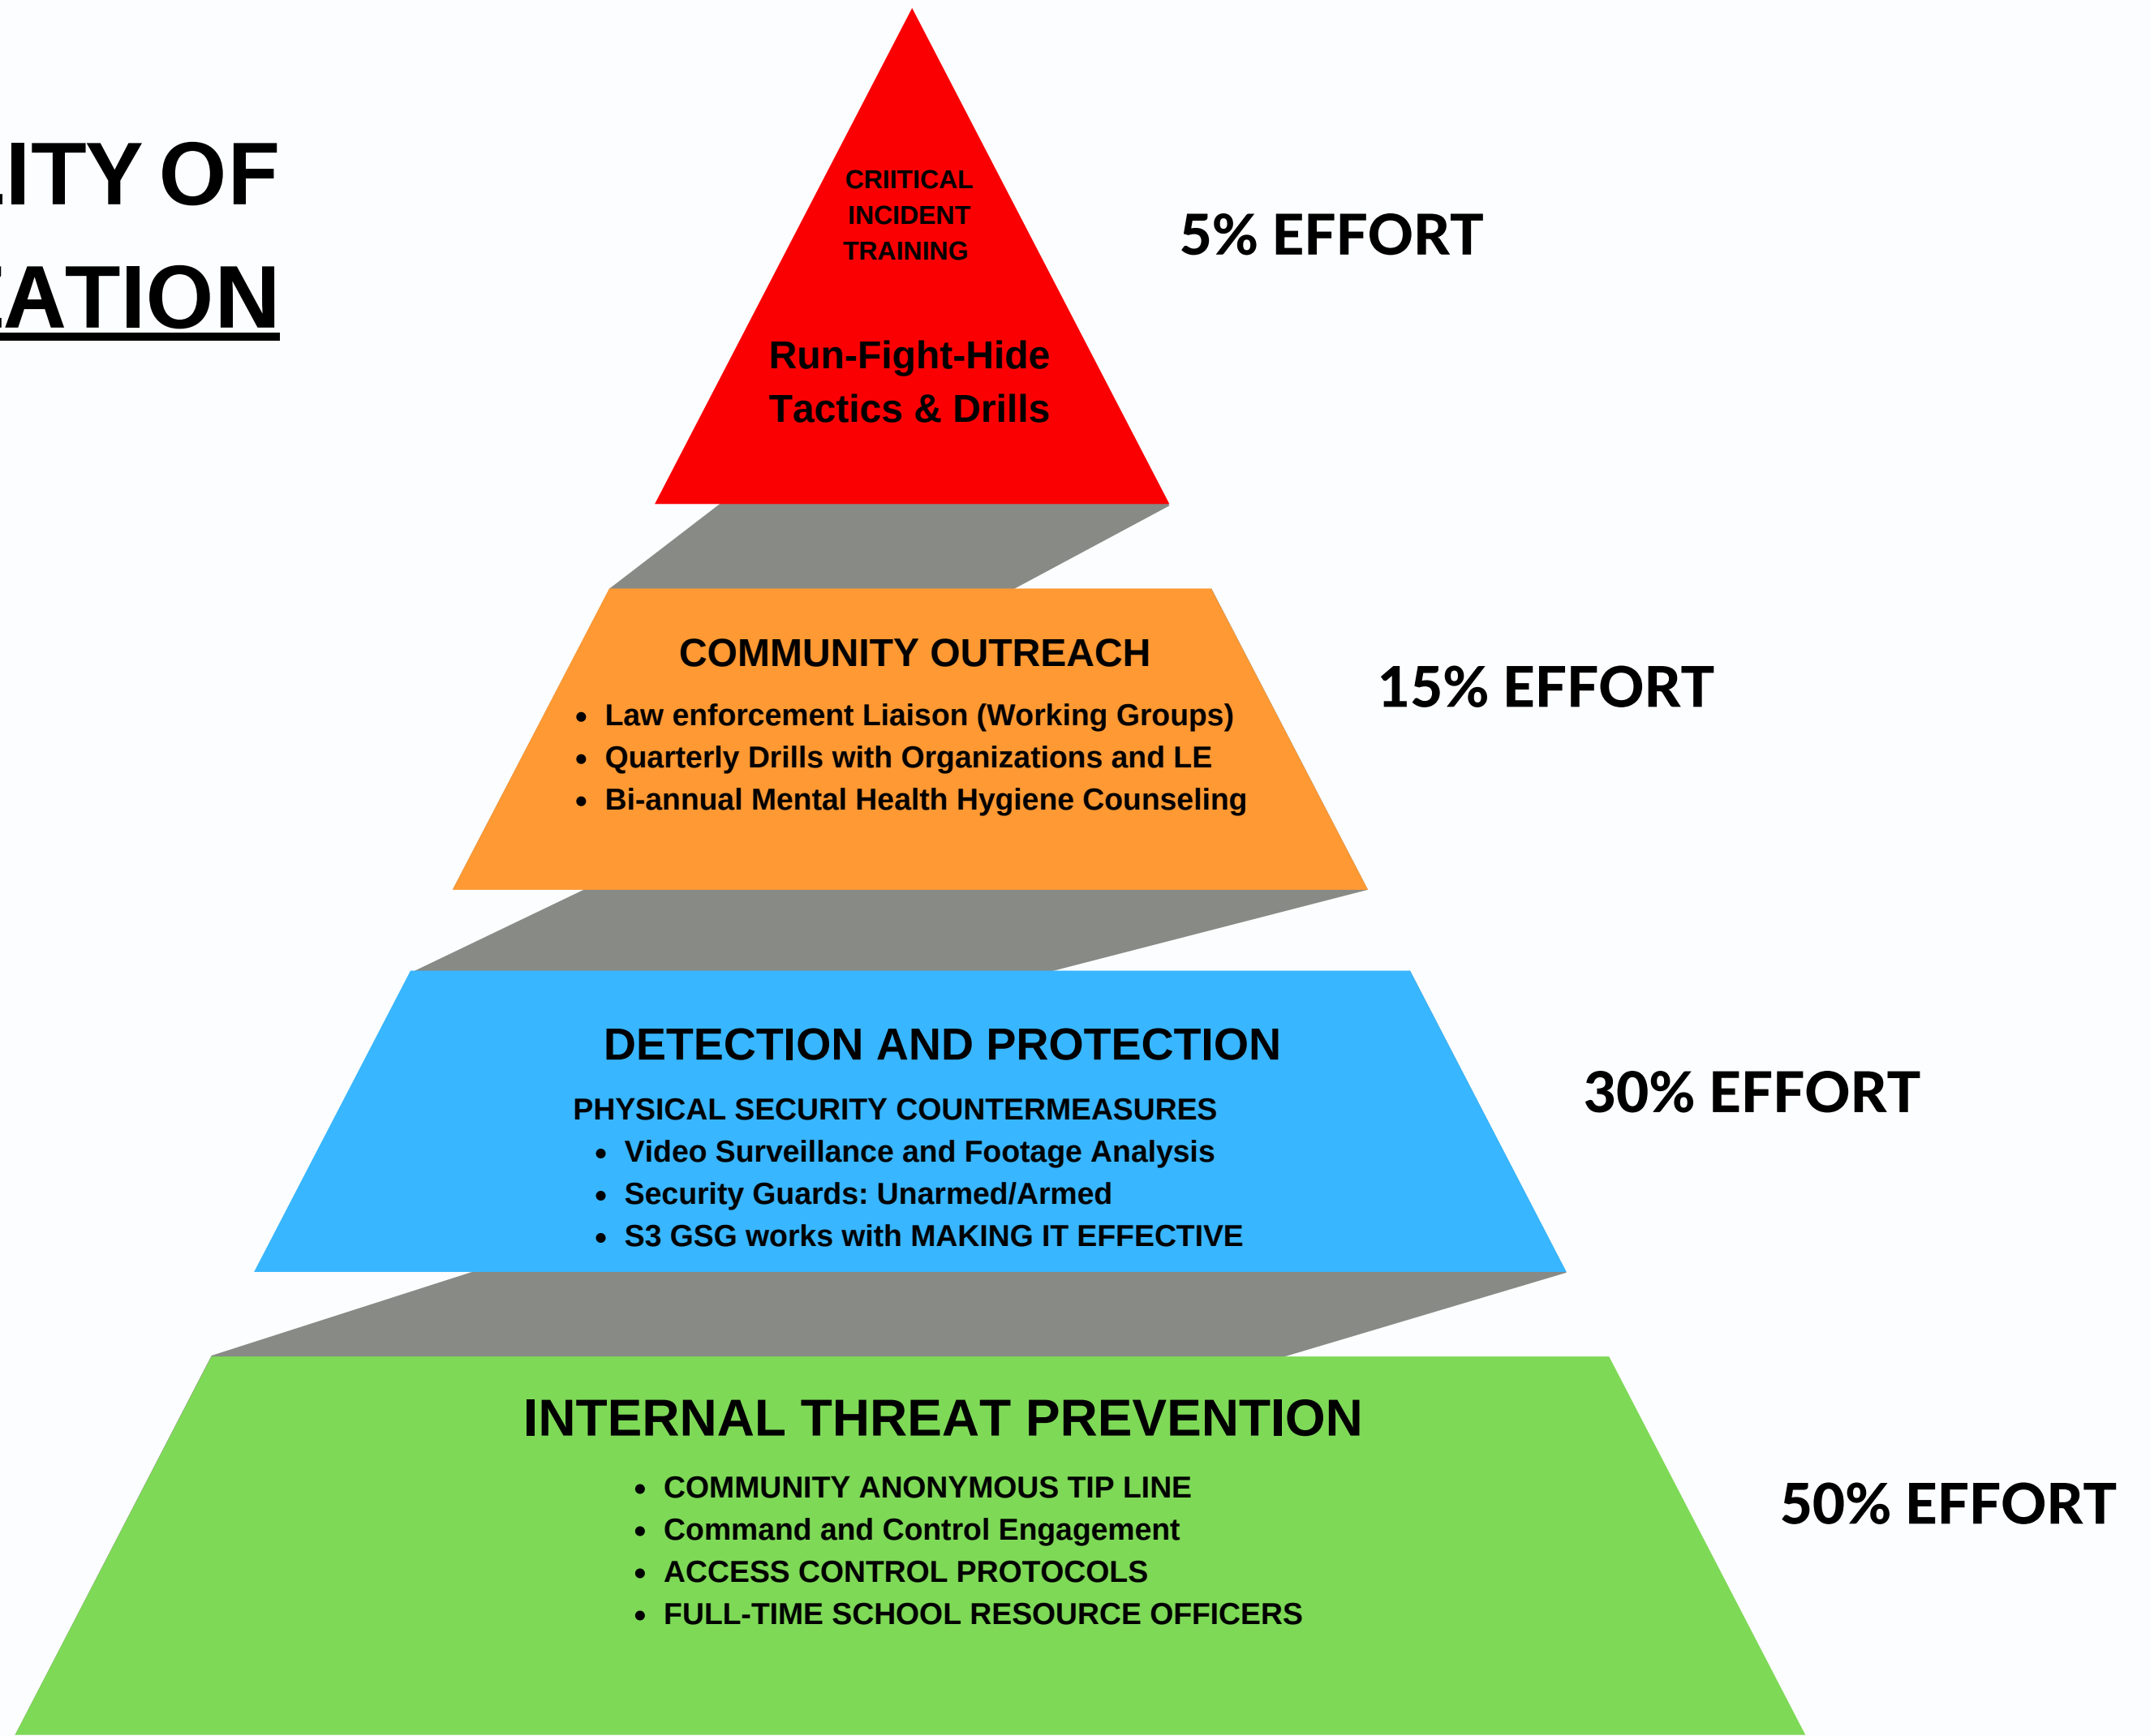

No Legislative Mandate to Allocate Funds to Protect Our Children in Schools

**THERE IS NO POLITICAL WILL TO CHANGE THE GUN LAWS WHICH ALLOW FOR THE EASY
PURCHASE OF AR-15 MILITARY GRADE WEAPONRY.**

**There is TOO MUCH Preparation for the Worst Case Scenario rather than
Prevention**

School Resource Officers are hit or miss depending on the School District

RESPONSIBILITY OF THE ORGANIZATION
